

Middles Class Summary--February 24, 2013

In February, the Middles class learned about Purim. Class started on a light note, as each student was asked to share a favorite joke in honor of this fun celebration. Then, after sharing what they already knew about Purim, students compared Esther to another strong Jewish woman, Donna Gracia. Donna Gracia rescued many people from the Inquisition. Students made their own groggers to take home. They also used their groggers while they listened to the Megillah. Class ended early, so that everyone could enjoy JCS's annual Purim Carnival. It was so much fun this year, with new games created by staff, parents, and students.
